Twenty Gen Group LLC

Management Consulting | Program Support | Operational Improvement

Florida-based management consulting, program support, process improvement, and business-technology coordination. Focused on government requirements and prime-contractor teaming opportunities, with services also available to commercial organizations.

Core competencies

Operational analysis: findings, baselines, prioritized recommendations.

Program support: roadmaps, milestones, responsibilities, risks, reporting.

Process improvement: workflows, SOPs, implementation measures.

Business-technology coordination: requirements, handoffs, testing coordination.

Example outputs are tailored to engagement scope.

Differentiators

Founder Fred Wheaton: 30+ years of business and technology experience.

Cross-functional operations, integration, and transformation leadership.

Prior leadership supporting 900 sales personnel and, separately, 17 centers / 4,700 agents.

U.S. Navy veteran; B.S. Business Management; Executive Certificate in Project Management.

Selected founder experience

Prior security-industry role: $7.2M first-year incremental revenue from a real-time sales-support function.

Acquisition integration: $10M realized savings over one year through call-center consolidation and closure.

R.A. Holmes: 77% fewer critical issues over nine months. Customer-projected $5M positive business impact over one year.
